TC-101B

TC-101B-KKR500

TC-101B is a simplistic and stylish mid-tower case. It features a closed front to protect the internals from dust and block noise, and a centered front panel I/O and power button for easy access when placed on or below a desk. It supports 5 fans, two of which can be mounted to the side panel to inject a stream of fresh air right above the CPU or graphics cards. The TC-101B supports both micro-ATX and full size ATX motherboards. Thanks to its side panel hook the system can be locked, making it a great choice for cyber cafe and office systems.

Features

- The closed front for reduced noise and less dust
- Centered front I/O panel for easy access
- Supports up to 5 cooling fans
- Side Panel supports up to two 120mm fans positioned right above the CPU socket and graphics cards slot to inject a stream of fresh air
- A dedicated fan mount to cool HDDs
- Rear of the case supports up to a 120mm fan
- System can be secured to safeguard components
- 7 expansion slots and 7 HDD cages for great expandability

Specifications
